Implant Specialists & Consultation Service

Average 6-Day Turnaround on Most Casework

Lifetime Warranty on PFD Full Contour ZR

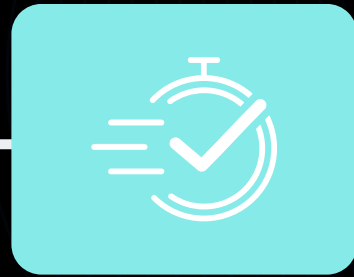

Who We Are

PFD Digital Lab is a fixed and implant specialized dental laboratory that leads by utilizing the best in digital technology, employees, materials, techniques, and customer service.

We staff implant certified dental technicians to assist our clinical partners with any type of implant restorative indication. Our team has years of specialized knowledge in all facets of implantology. We specialize in All-On-X full arch solutions, custom zirconia and titanium abutments, screw-retained implant crowns and bridges, and 3D printed surgical guides.

What Makes Us Different

TURNAROUND TIME

We deliver most cases to your door within 6 business days from arrival in lab.

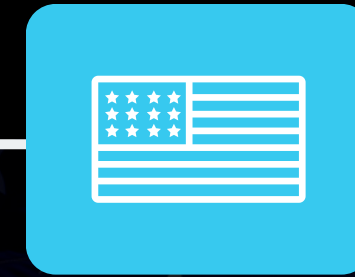

FEDEX & UPS

WARRANTY

We offer a lifetime warranty on our entire line of zirconia full-contour restorations.

A five-year warranty on most everything else!

MADE IN USA

We are proud to manufacture our entire line of products in the USA.

Tampa, Florida

COMMUNICATION

Our head lab techs speak directly to each office to communicate effectively.

Made In The USA

We are proud to manufacture our entire line of products in the United States at our Tampa Bay based laboratory. We carry on a long tradition of excellence in dental technology and are dedicated to providing quality, high-paying jobs to people right here in our community. We take pride in training the next generation of American dental technicians.

Zirconia Material Options

PFD SOLID ZR

Full Contour zirconia offers a robust solution for dental restorations with its impressive 1100 Mpa flexural strength. Engineered for biocompatibility, it ensures a positive tissue response.

PFD ESTHETIC ZR

650 MPa flexural strength and 52% life-like translucency for a natural look. The pre-shaded, multi-layered design ensures consistent coloration, while its high biocompatibility promotes a healthy tissue response.

PFD LAYERED ZR

This solution is extremely strong, ideal for multi-unit bridges. It is layered with Noritake porcelain for beautiful, natural-looking aesthetics. There are no concerns for 'dark lines' at the gum line, ensuring a seamless appearance.

Other Product Lines

ESSIX (REPLACEMENT) RETAINER

ASC CUSTOM ABUTMENTS

DIAGNOSTIC WAXUP

SCREW RETAINED IMPLANTS

CUSTOM ABUTMENTS

ALL-ON-X FULL ARCH

Digital Implant Solutions

We offer a comprehensive range of implant restorative solutions for all major implant brands.

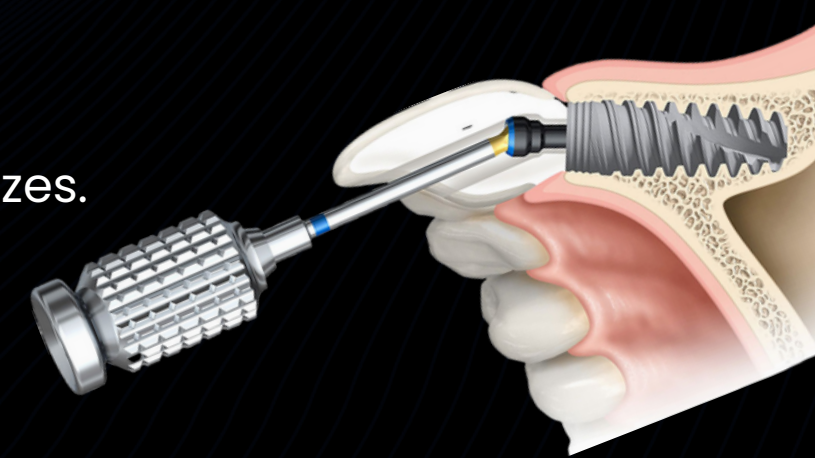

Printed implant models allow us to cement our screw retained crowns in the lab, this helps to ensure accuracy and fit, while also reducing your time chairside.

Angulated Screw Channel (ASC) abutments are available for all major implant brands and platform sizes.

Implant Scanbodies are available for all major implant brands and platform sizes. They are reusable and only need to be purchased once per implant type/platform size.

Shipping & Handling

At PFD Digital Lab, our commitment is to ensure that you and your patients receive not only the highest quality products but also prompt and reliable delivery services. We not only provide competitive pricing but also offer exceptional shipping solutions.

	Shipping Cost	\$10/ box
--	----------------------	-----------

	Inside Florida	Outside Florida	Methods Used
Shipping Method	UPS	FedEX	Next Day, 2-Day Air

Shipping is based on the number of cases we can fit in a shipping box. If only one case is sent, the same shipping fee applies , as if we send 10 case. The more cases we send, the lower the shipping rate per case.

I've known the PFD Lab team for over 7 years. They are dedicated to their dental business, invest in cutting-edge technology...Their 5-axis milling tech reduces the need for adjustments, and they provide lifetime warranties on Zirconia crowns. They have certified Implant technicians and offer staff training. I highly recommend PFD Lab as a reliable dental lab.

Dr. Ali Arifuddin DDS, FICOI

PACIFIC DENTAL SERVICES
LUTZ DENTIST OFFICE

Throughout my dental career, PFD has been the best lab I've worked with for quality and efficiency. Their crowns are aesthetically pleasing and require minimal chairside adjustments. They keep me informed about ongoing cases, which builds my trust. PFD has been essential for my restorative cases, and I look forward to future collaborations.

Dr. Stephanie Marquez, DDS

NORMANDY LAKEWOOD DENTISTRY
OFFICE LOCATION

PFD Digital Lab consistently surpasses my expectations...They excel in providing top-quality solutions through a seamless digital workflow. PFD is my go-to lab for various dental cases across six offices. I highly recommend them to colleagues who value quality, reliable technology, and a true partnership focused on improving patients' lives.
